From the beginning of his existence, man has sought to achieve knowledge of not only himself, but also of his fellow creatures. Through the ages, education has become one of the most important factors in a man's life. For a person to have a complete education, there is more concerned than just intellectual growth. A true education takes in all aspects of man: the intellectual, moral, physical,

the Whole Man

social, and cultural. If one of these factors is missing, he will be lacking an essential part in his education. This complete education, that is—of the whole man—is necessary for him to fulfill his purpose in life: that is, the glorification of God.

The students of Central Catholic High School are fortunate. They have the opportunity of receiving a complete education. Through special intercession and devotion to the Blessed Virgin Mary, students develop the "whole being" for the greater honor and glory of God. Guided by Our Lady's love and care, Centralites have proven themselves true champions—and this story is told in the pages of this 1963 Centripetal.

To Rich a
real neat guy
good Luck
Rich '66

Dedication

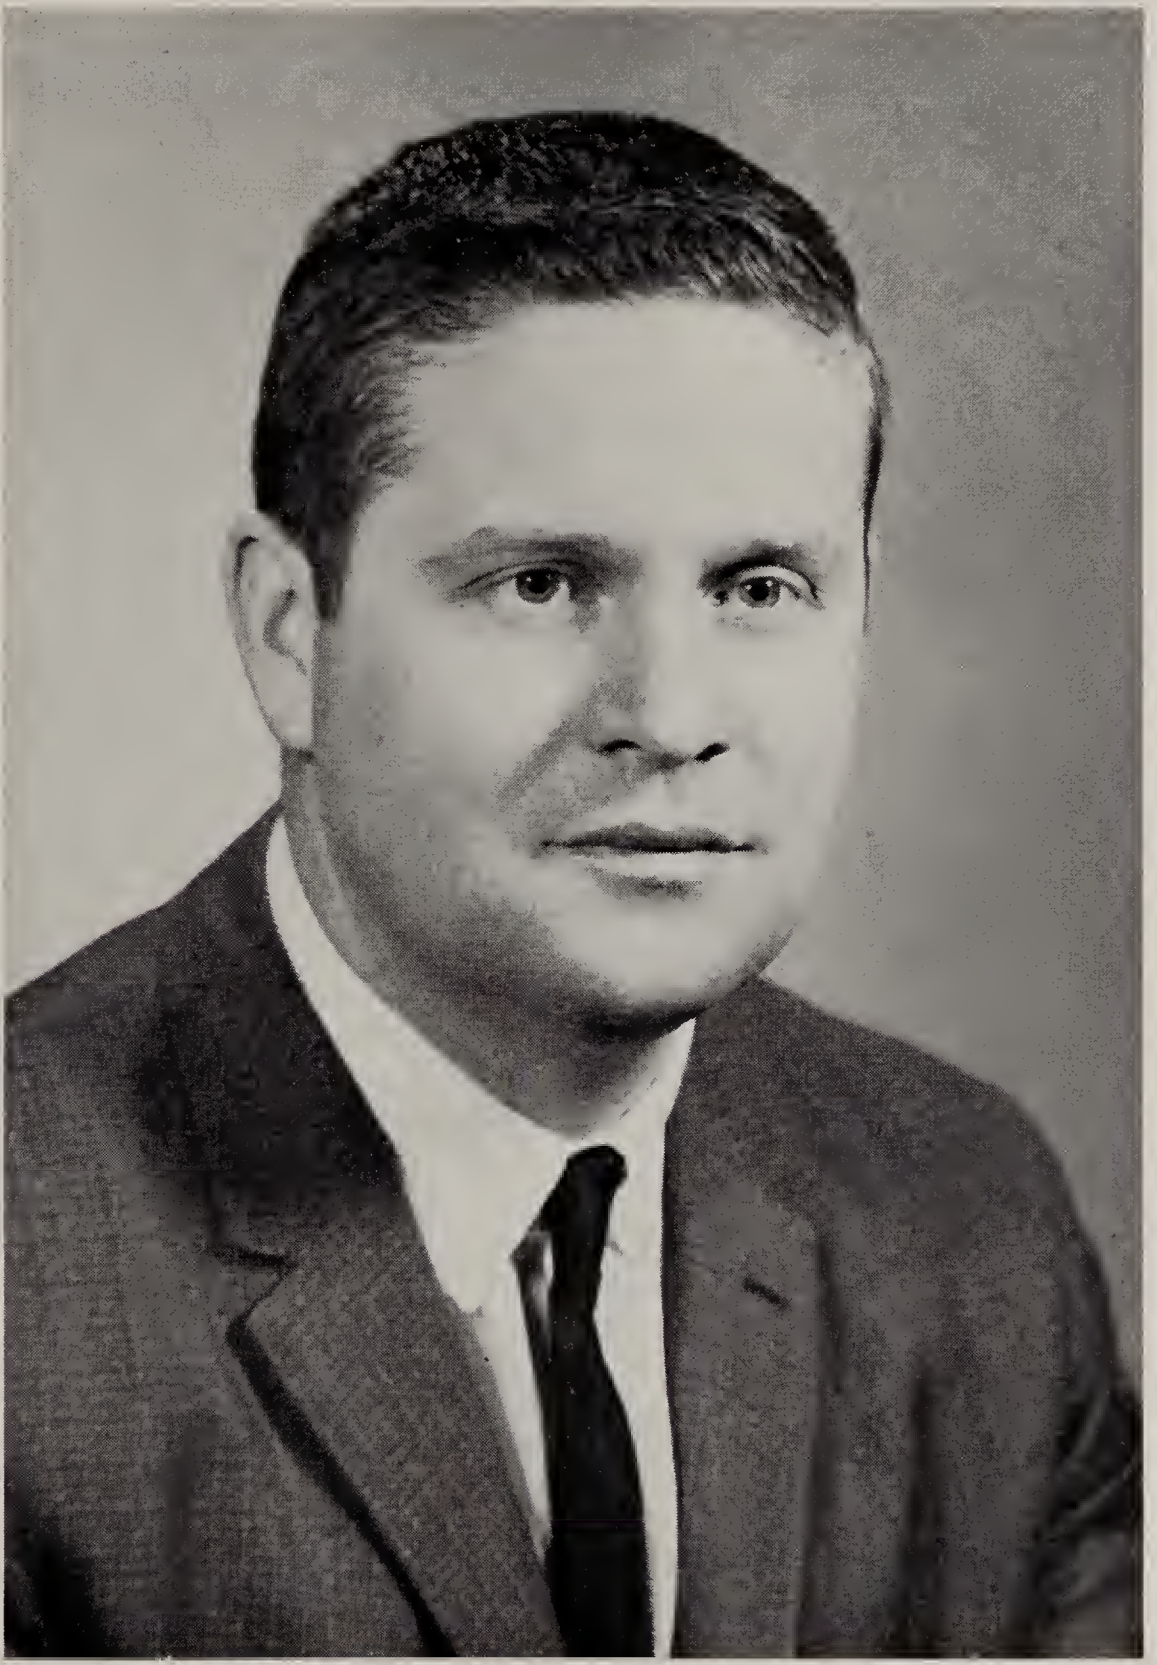
Sacrifice, perseverance, devotion, and guidance are just a few of the many attributes possessed by Coach Tom McHugh. Besides these qualities, Mr. McHugh is an outstanding example of a fine Christian and a proven leader.

Mr. McHugh, a 1950 graduate, was active in baseball, basketball, football, Student Spiritual Council, and Student Council, while he attended Central. In his senior year he earned All-State football honors. He graduated from Notre Dame in 1954, where he played football for three years for the Fighting Irish. In 1955 he was chosen to play in the North-South All-Star game in Miami. Before returning to Central as head football coach, he played one year in the Canadian Football League. In 1956 he married Ida Dorfmeister '50, and is the father of two children, Kathleen 3, and Kevin 1.

Having just completed his seventh year as head football coach at Central, Mr. McHugh shows a record of 50 wins, 16 losses, and 3 ties. This 1962-63 season has fulfilled the dream of every high school football coach. Under the leadership of Coach McHugh, the Fighting Irish reached the summit by copping the State Championship. Because of his outstanding work, Mr. McHugh has gained the honor of being Ohio's Football Coach of the Year.

Coach McHugh has proven without a doubt that devotion and sacrifice have an integral place in the life of every successful person. It is with deep gratitude that, just as Mr. Thomas McHugh has dedicated his life to the betterment of Central, we, the Centripetal Staff, dedicate to him, this, the 1963 Centripetal.

Ohio's Coach Of The Year



Mr. Thomas McHugh, B.S.P.E.

To Kick,
a good guy
always - Good luck
in the future -

Joseph Nirschl

Senior Farewell

Dear Central,

Through the years each graduating class has tried to express its feelings toward you. This year we have, as have other classes, found that it is impossible to put into words these feelings.

We could, in flowery speeches enumerate the many happy moments we have experienced athletic wise, the satisfaction we have felt in gaining a sound education, and the inner peace instilled within us because of your spiritual guidance.

Yes, dear Central, we could do this, but a speech cannot begin to thank you for what you have given us. The best way we can do this is to take the fundamentals of life you have taught us into the world so we can be the adults this world needs to carry on peace and good will to our fellowmen.

Although tomorrow opens a new world, there will always be a place in our hearts for you, our Alma Mater.

Rev. Dennis J. Geaney

Rev. Edward J. Kersten

Retreat—the spiritual pause

During the last week in January, after the strenuous mid-term exams, Central students are given the opportunity to take an over-all look at their spiritual progress throughout the year.

This year Rev. Edward J. Kersten and Rev. Dennis J. Geaney, two Augustinian priests, conducted the retreat held from January 30 to February 1.

Father Kersten, a native of Cicero, Indiana, studied at Villanova University and Augustinian College. After his ordination in 1956, he taught at his alma mater, St. Rita, in Chicago. He is now assigned to parish mission and student retreats, throughout the country.

Father Geaney, a former Bostonian, has degrees from both Villanova University and the Catholic University of America. Although Father spent sixteen years teaching in boys' high schools and giving various retreats, he took over this year the task as the girls' retreat master.

Students attended three conferences a day and Mass was offered in the auditorium. During their respective lunch periods, the boys and girls participated in Stations of the Cross and Benediction. Confessions were heard continuously and spiritual readings were conducted in the conference rooms.

These three days of prayer, meditation, and instruction certainly benefitted each and every student not only for this past year but for their future life.

Religion—life's basic foundation

Central, in her aim to develop the whole man offers to the student the subject on which life's foundation is based. As he delves into the reason for man's existence, the means by which he can work out his Christian existence and obtain his appointed goal, the student of Religion perceives and undertakes the question "Whither goest Thou."

The first three years are devoted to an over-all study of the fundamental truths of our Religion. The senior year prepares the students for serious dating and marriage. Also a study of apologetics, which is a reasoned explanation of the defense of the case of the Church, is stressed to help the students explain any questions which they may encounter later on in life.

Instead of the final exam taken by the students in Religion, the seniors must take the Bishop's Religion Exam. This exam tests the knowledge the students have acquired throughout their years of study in Religion. Material from the basic foundation of the subject to the more complex studies of the senior year are included in this two-hour exam. At the commencement exercises the boy and girl ranking the highest in this test are rewarded for their efforts by receiving the Bishop's Cross.

Besides the instruction received in the Religion classes, Mass, Holy Communion, Stations, First Friday Devotions, Benediction, an annual Retreat, a May Convocation, and a Senior Day of Recollection are made available to the students in order to instill good sound principles into their everyday lives.

J. Chmielowicz

English—the writer's helpmate

A basic knowledge of the English language and the ability to use it is the foundation of a student's education. Here at Central the students receive the best education possible because of our fine English Department.

Under the direction of the English instructors, this Department teaches many different phases of the subject. Since English is a three-year required subject, there are a variety of courses offered.

The first two years stress the basic fundamentals of both grammar and literature. American literature and a Junior Essay are required by all third year students along with English grammar. The fourth year offers courses in English Literature, composition, public speaking, and journalism. The latter course gives students the opportunity to be on the Centric (school paper) or the Centripetal (yearbook) staff.

Left to right: T. Schumacher, L. Mack, J. Cooper, J. Earl.

A. Kwapich

Public Speaking—the orator's guide

The art of communication is very necessary to the well-being of civilized mankind. Perfection of this art is the primary endeavor of the students of the Public Speaking classes. It is an important attribute to be able to make your thoughts understood by others, and to convey your ideas intelligently. Not only that, but the ability to listen attentively and to draw sound conclusions from listening are attributes to be treasured.

In this one semester course, under the direction of Mr. John Garn, seniors are given the opportunity to study the fundamentals of good speaking and how to avoid speech errors and defections.

DEUTSCHE
KULTUR

R. Miller, R. Toeppe.

German—the discipline developer

Developing mental discipline and the ability to think and concentrate are the primary aims of German along with giving the student a greater appreciation of the German people and their contribution to world civilization.

There are at present two years of German offered. The first puts the emphasis on listening and speaking skills along with drills on verb conjunctions, genders, and cases of nouns and sentence types. Original writing and dialogue memorization are begun in the second year. German culture is constantly woven into the content of speaking and reading lessons.

Projects are also assigned to develop research skills, to increase knowledge of the culture of the people, and to create interest in the German fields. Some of these projects consist of map work and scrapbooks on German musicians, artists, the German school system, family life and the symbols in the coat of arms of various German states.

E. Henzler, E. Kuchcinski, D. Dowling.

French—the translator's language

Class
Passes Papers

M. Haladyna passes paper up to S. Baker.

"Zitudiez-vous pas du tout? Au contraire j'etudie beaucoup." This is one of the common phrases learned by the students at the beginning of the French course.

The first two years are devoted to the learning of grammar and its application in translating grammatical paragraphs. These students also pursue the geography and history of French-speaking countries.

Third year students enlarge their vocabulary especially in the declension of verbs. Translating famous French literature is also a major undertaking by these avid admirers of French.

Students are enabled to perfect their speech in the language by speaking into a tape recorder which when played back lets the student hear his own mistakes. He can then correct them readily.

French is one of the most important languages since it is considered one of the universal languages in which many documents and literary works are written.

Latin—the need of the professional fields

To the students here at Central, Latin is not a dead language, but on the contrary, it is one of the most popular of the foreign languages. Besides those who wish to major in Latin and go on to teach it, this subject is needed for those who plan to enter the medical profession or the seminary. Just as important as this is the fact that Latin serves as the basis of our own English language.

In the four year course the pupils cover everything from the basic fundamentals, to the history of Caesar's Gallic Wars, to the writings of such famous philosophers as Cicero and Virgil.

In accordance with the Latin course, many of the students participate in the extra-curricular activities carried out by the Latin Club which was established three years ago.

Early in the spring the ability of these students is tested by the Auxilium Latinum Test, which compares our students with all Latin students across the nation.

Spanish—the Spanish-American link

As a link with Latin-American life, Spanish offers students the chance of learning about and promoting the interest in Spanish-speaking countries.

The first and second year students are concerned with the grammar and use of conversation. Spanish and Latin customs, literature, and backgrounds are pursued by the third year students while the seniors are interested in Spanish literature, especially **Don Quixote.**

A Spanish written newspaper is put out by the students who contribute the articles themselves. It contains puzzles, jokes, and articles. **La Charla Esponal** is the name it carries.

Spanish is a practical subject because it helps us to avoid any misunderstandings with our Pan-American countries. It is also helpful in the diplomatic service, commerce, and journalism.

Physics—the basic law of engineers

How many of us have ever really stopped and thought about what thunder really is or why batteries run down and need recharging? These and many other questions are answered in the physics course offered at Central.

In this class the students learn the fundamentals necessary for the engineer student.

Discussion and lecture periods are conducted three times a week and on the remaining days laboratory work clarifies any questions which may have been raised in the student's mind during discussion.

Physics is an almost mandatory course to be taken by the high school student if he plans to enter an engineering or scientific course in college. With the unduly scientific world in which we live today all students would be wise to take a course in physics.

J. Liebherr, M. Wilkinson, M. Koelsch.

MYSTERIES UNSOLVED
RUST
UNBREAKABLE PAVEMENT

D. Maas, S. Ehrbright, D. Mioduszewski.

Chemistry—the bond of the space age

Ionization, chemical bonding, crystallization, oxidation, and colloidal suspensions are only a few of the many varied topics studied in our Chemistry Department.

Students have a choice of two different chemistry courses: CBA and traditional.

The Chemical Bond Approach, introduced just three years ago, deals with the ability to predict whether or not a reaction will take place by the knowledge of chemical bonding. The traditional course, however, deals with the basic fundamentals of chemistry.

Laboratory sessions, consisting of experimental work, are held twice a week for two periods, while the rest of the week is spent in lecture and discussion.

Because of the highly scientific world we live in today, all future citizens and leaders need a basic knowledge of chemistry. At Central this is more than accomplished.

MUSCLES AND EXERCISE
PHYSICS

Top, left to rignt: J. McDonald, J. Wojtowicz.
Bottom, left to right: T. Kasprzak, J. Milano, M. Hogan, L. Warner, K. Prudhomme.

Physiology—the key to better living

The physiology classes are open to all students in order that they may learn the structure and composition of the human body.

This course proves very helpful as a preparation for those wishing to enter nurses' training, medical school, or work toward a degree in dietetics or home economics.

For others who do not intend to go into a special field, physiology safeguards their health and enlightens them in regard to their various problems in school and home.

General Science—the discoverer of general truths

A broad outlook on the fields of science are presented to the student who takes General Science. It acquaints one with the fundamental principles of biology, physiology, physics, and chemistry. Along with the explanation of many everyday happenings to which we pay little attention, the answers to, why the light shines from a bulb when we turn on the switch, or why there are leaves on trees are obtained.

Each year students of this course participate in the Toledo Area Science Fair at Toledo University, Bowling Green State University and Ohio University, Columbus.

C. Knack, L. Kurinko, J. Oleksiak.

Biology—the science of life

In the Biology class the world of Anthropods, Mammals, Protozoa, and Spermatophytes are explored by the student in various ways.

Besides the frequent references to the text, the students obtain their knowledge by experimenting in lab with real specimens which they gather themselves whenever possible. The collecting of leaves, the disecting of animals, the planting of seeds, give the pupils an opportunity of studying living things. The use of the microscope in checking on the smallest living organisms provides an incentive for further study in this scientific field.

Physical Science—the science of sciences

In secondary schools, today, there is an increasing demand for a science course that shows the interdependence of physics, chemistry, geology, meteorology, and astronomy, and presents the material as a unified whole.

This year a new science course called Physical Science, which offers to the students an opportuninty to fulfill this demand, was added to the Science Department.

Math—the scientist's support

$\underset{r\ n}{C}=\frac{n(n-1)\ (n-2)\ \ldots\ (n-r+1)}{r!}$ Does this problem stun you? This is an example of what the present day students will have to face if they enter a scientific, academic, or mathematical field.

Realizing this Central offers a full four-year mathematics program for these students. Elementary algebra is available to the freshman while the second year students learn the theorems and postulates of plane geometry. To develop the ideas one learned in elementary algebra the junior is given a course in advanced algebra. The fourth year math students take both solid geometry and trigonometry in order to completely round out his mathematical education.

For those students interested in a business field both general math and business math are offered.

Drafting—the architect's aid

D. Zolciak, J. Wozny.

With engineering as technical as it is today, students in that field need all the background attainable. The two year course in drafting is just that, as it doesn't go in for great detail but rather stresses the basic fundamentals of technical drawing.

The great variety of subject matter makes the course one of the more interesting subjects in the Central curricula. Students are taught proper lettering techniques, lay out development, orthographic projection, freehand sketching, and scaling among other things during their initial year.

The second year course concerns itself with engineering, geometry, and problems. The boys learn to visualize and reason more efficiently. The course contains more technical problems as construction of cams and gears, fasteners, and assembly drawing.

These students will leave Central with a basic knowledge and understanding of engineering and architecture.

History—the narrator of the past

Through history, tales of lost civilizations and bold adventure are brought to the attention of the student.

The freshmen explore the early life of the world and its civilization in Ancient History. World History explains in detail the circumstances and happenings of the world in modern times up to the present day.

American History must be taken by all juniors in order that they may better understand and grasp the purposes for which our country has developed itself and remained a place of refuge to those who are politically or religiously persecuted. Movies and debates are some of the additional means by which the student learns about his country.

History, the story of man's success and failure in life, proves to be a very useful subject to all students living in a cultured society.

National Problems—the guide to society

This is a study of the fundamentals of American government. It is a required course which is taken by all students in their senior year. While teaching the student how to be a good citizen and help his country in every way, National Problems also shows the reasons why he must be a good citizen. It also points out the problems of our pluralist society and proposes several solutions which have been given by authorities on the subject.

Because these problems keep changing from year to year, the solutions must also keep changing in order to be effective. The students are kept up to date on these changes by related readings from daily newspapers, magazine articles, and papal encyclicals.

Watercolor

Left to right: R. Buehrer, D. Venier, J. Amstutz, M. Schramm, W. Staley.

Boys' Art—the artistic study

The Boys' Art Department offers the students an opportunity to express themselves individually.

The freshman and sophomore years are devoted to the basic technique of lettering, sketching, color and design, while the junior and senior years stress the application of these techniques. Along with these fundamentals, students are taught leatherwork, wood carving, and ceramics. Any student wishing to follow a career in art after graduation receives in this course his initial preparation through his study of interior decorating, crafts, oil, and water coloring.

Aside from his ordinary classwork, a student is given the opportunity to make posters for the various activities, such as retreat, senior play, and operetta, which occur during the school year. These posters for the senior play (Mrs. McThing) and the operetta (Guys and Dolls) appeared in downtown and neighborhood stores, as well as in different parishes throughout the city.

All interested students have the opportunity to become members in the Catholic Art Apostolate, which aims to restore all things to Christ.

Girls' Art—the creative course

Any girl who is interested in creatively expressing herself may fulfill this desire through participation in the art classes. During the four year course offered at Central, students are given the opportunity of understanding the principles of good design, color, calligraphy, painting, drawing, ceramics, and crafts. At the completion of her fourth year, each girl has also attained a strong background in art history, and fundamentals.

Each senior student is given a week in which to exhibit her artistic achievements by arranging samples of her work in the display window on the second floor.

Other artistic abilities of these art students are seen in connection with the operetta. These girls design the cover for the programs and make paper sculpture for advertisement purposes.

Stress is on the principle that "everyone should use head, heart, and hands to make well, things that need to be made." Through this course, every girl is given the opportunity to further develop her talents for the glorification of her Creator.

Left to right: J. Szmania, M. Widmer, B. Slota, M. Slomka, L. Kotlewski, N. Biggs.

Library—the researcher's haven

"A storehouse of knowledge," is a phrase which can apply not only to a description of the human mind but also to our school library. For in these rooms are located volumes upon volumes of books used by hundreds of students each day.

Students refer to these books to attain information for science projects, term papers, book reports, essays and also to satisfy their reading enjoyment.

The biography and fiction sections offer reading for leisure and enjoyment while the reference room, with its magazine and encyclopedia informations, will supply the answers to many research questions.

Home Economics— the homemaker's guidepost

The homemaker of today must know the important role she plays as a helpmate to her husband, as an understanding mother, and as an active member of the community.

The students in the homemaking classes are preparing for their vital role in life by studying the basic phases consisting of "Family Budgeting," "Food and Nutrition," "Clothing and Related Arts," "Family Nursing," "Work Simplification," and "Relationships with Others."

Leisure time activities are also stressed and students taking this course are capable of using this time for helpful recreational purposes.

Left to right: R. Corcoran, P. Zavac, J. Ressler.

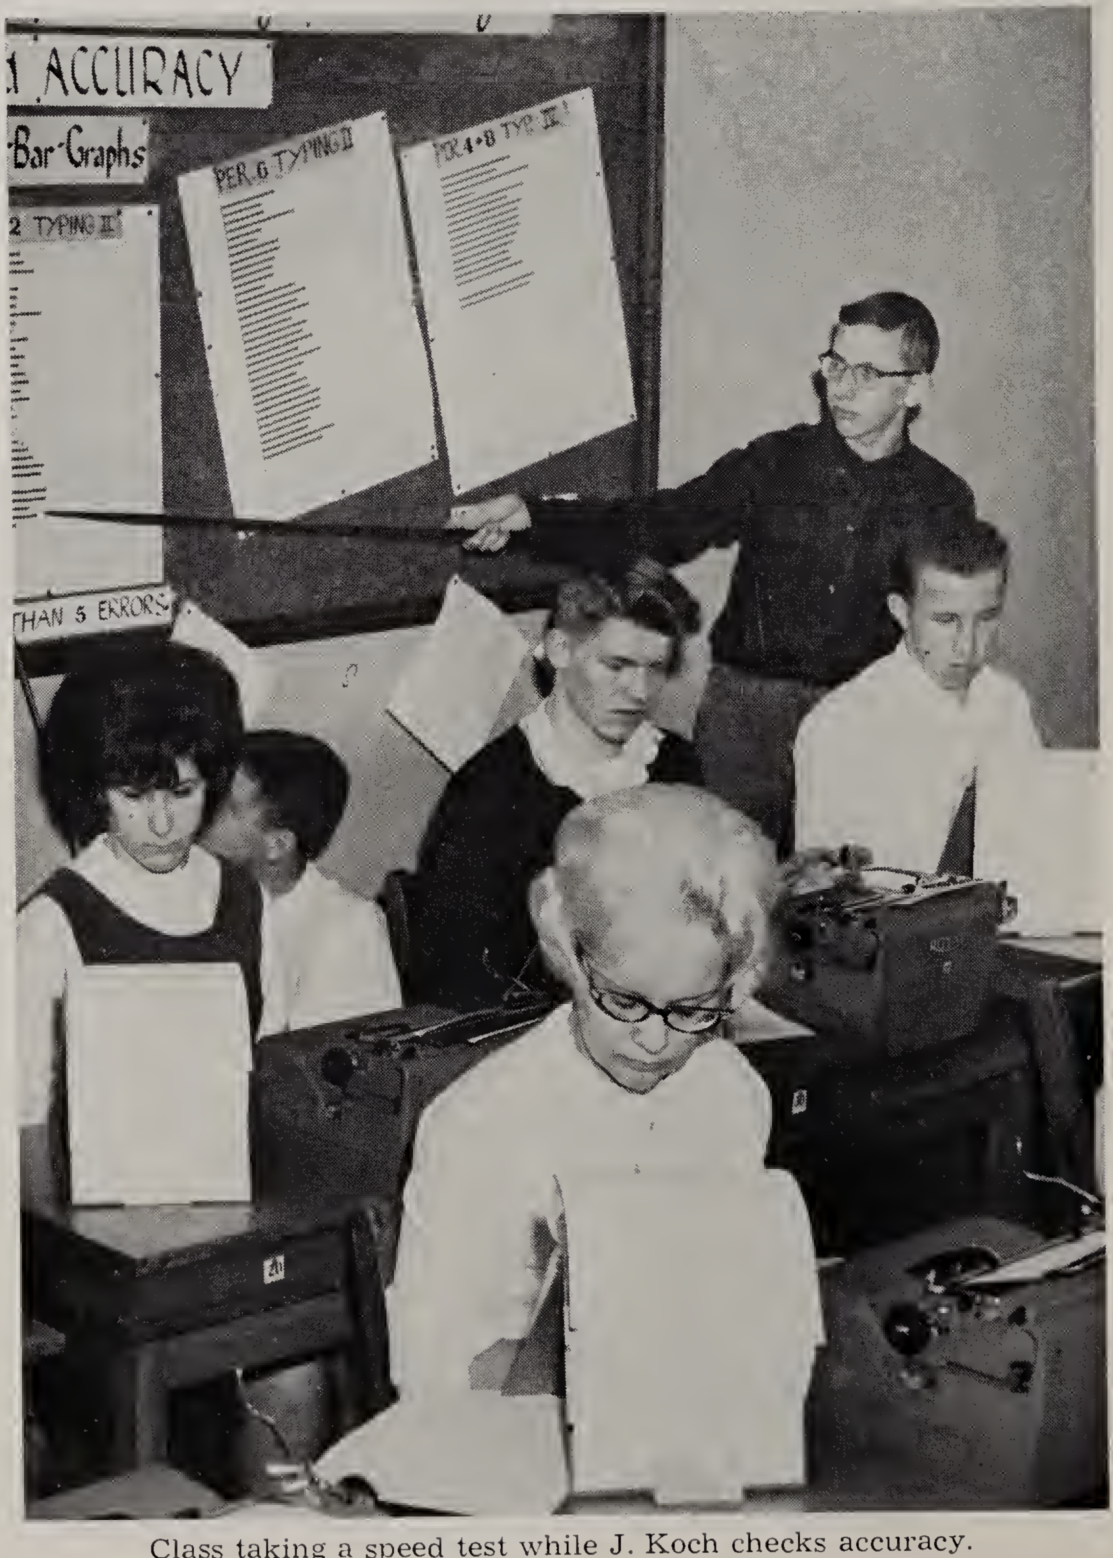
Business—

M. Rozek examines charts which show the progress of the typing students.

In preparing the students for their part in the business world of tomorrow, the commercial department provides courses which will enable the pupils to meet the requirements of the modern business offices.

In the typing classes the students are given an opportunity to master the keyboard, besides learning all movable parts of the typewriter. Later they get to put their knowledge to practical use. Speed and accuracy are their main concern.

First year shorthand students learn the basic forms of words in order to build their shorthand vocabulary, while the second year continues to increase their speed and perfect the basic forms. In the latter year typing is correlated with shorthand to instill in the students the ability to combine the two with maximum speed and efficiency.



Class taking a speed test while J. Koch checks accuracy.

the friend of commerce

P. Baranek and J. Wiesolek check envelopes as the class types up the returns of the Chronicle drive.

Bookkeeping is essential because it demands of tomorrow's accountants accuracy, clerical neatness, and systematic habits.

All other forms of secretarial work are included in Office Practice, which endeavors to familiarize the students with business machines and general work required of an efficient secretary.

Besides these secretarial courses, Commercial Law is offered, which acquaints the students with the legal world in which he must live. Both the social and legal aspects are touched upon in great detail. Practical experience in these fields is accomplished through "mock trials" held in class and through attending actual courts while in session.

This subject shows the student how law will effect his personal as well as his future social and business life.

The Girls' and Boys' Chorus rehearse for assembly.

Chorus—'sounds of music'

Freshman and sophomores prepare for membership in the Glee Club by participating in the Boys' Chorus or Girls' Chorus. Tryouts are conducted the first two weeks of the fall semester.

The boys, under the direction of Mr. Donald Noble, and the girls, under Sr. Mary John, have made quite a name for Central by performing in assemblies and at various programs throughout the city.

S. Michalak shows class the sound tract from the operetta.

Music Appreciation—the class of critics

Studying classical composers and their works is the main activity of the Music Appreciation classes. After listening to records of these composers' works the students criticize them and express their opinions.

Harmony—creativity in music

Besides Chorus and Music Appreciation, Harmony, which gives to the students the opportunity to use the mechanics of chords and their progressions to express themselves creatively in music, is offered here at Central.

Attendance Office—the absentee's enemy

Absent students, tardy students, students wishing to be excused, all report to the Attendance Office in Room 107 to receive either a pink, white, or blue slip.

A pink slip denotes tardiness for a class and a blue slip means that an excuse for absence was not accepted. Both type slips send the student to Room 222 for a penalty to be served after school. A white slip, presented in every class after an absence, means the excuse given was accepted as valid.

Ronald Matuszewski meets Sr. M. Cleopha.

Seated: Sr. M. Mercy, R.S.M., Sr. Jane Frances, R.S.M., Mrs. V. Pfeiffer.
Standing: Mr. D. Piloseno, Mr. B. Nichols.

Guidance—an artery for counsel

Not only is Central interested in the intellectual training of its students, but also in guiding them in their plans for the future. This is accomplished through the work of our fine Guidance Department. Under the direction of Mrs. Velma Pfeiffer, the department tries to help the students answer certain questions through detailed analysis of their scholastic records, financial situation, and vocational abilities. As a result of their work many more students have been able to enter college after graduation.

Mrs. Wroe, R. N., bandages M. Bauer's arm.

Nurse's Office—
the health corner

It seems as if all the aches, pains, and even imaginary diseases of the school eventually congregate in Room 224. More than likely the reason for this is because this room happens to be the office of the school nurse, Mrs. Wroe, R.N. She is here to treat the ills of those who are truly sick and also to foil the attempt of anyone trying to fake sickness in order to escape a class. Besides this she has the task of checking the physical condition and past medical history of all freshmen.

Left to right: Mr. V. Fischer, Miss R. Fackelman, Miss M. Radecki, Miss L. McCarthy.

Office Staff—the heart of business life

Besides keeping records and balancing the school's finances, Central's office staff also supplies the students with answers to questions pertaining to school life.

This dedicated group of workers, including a registrar, a secretary, a business manager, and office clerks, is the heart of Central's business life.

These students, K. Sturek, D. Bolbach, M. Holmes, R. Rutkowski, D. Reinbolt, clasp hands in championship sports unity.

"To the victor belongs the spoils." This term aptly applies to the 1962 version of Central's football team. The Fighting Irish opened up the season by beating a good Cleveland Benedictine team and then trouncing an average Muskegon Catholic squad. But neither of these victories opened up any eyes around the state and the team was rated a meager 14th in the opening Associated Press poll. It wasn't long, however, before the Toledoans started their climb to the top; and nine weeks later Northwest Ohio had its first state championship.

The highpoint of the season was the game at Steubenville Public. When the teams faced each other the Irish were rated 2nd while the "Big Red" stood 5th in the state. With 10,000 looking on, Central stopped the Steubenville team and showed the state their claim to the state title. Four days later Toledo Central topped the AP poll.

The DeVilbiss game had its great spots, too, as the Irish were at one point two touchdowns down, only to come back and win by two touchdowns. The Central schedule was, however, no easy one, as the team had to beat DeVilbiss (5th in the state), Steubenville (6th), and Cleveland Bene-

dictine (14th). The Irish had little trouble in copping the City Title, scoring over 30 points in every City game.

The team, which practiced from the middle of August until late in November, traveled over a thousand miles in their trips out of town, unusual for a high school team. The outcomes never depended solely on one player as it was a team effort all the way.

More honors climaxed the season. United Press International (UPI), and the Litkenhouse rating system also crowned Central as their state champion. It was also announced that no team had ever won the AP poll as decisively as the Irish had, by racking up 524 points. Individual honors came when tackle Tony Viertlboeck was named as "Lineman of the Year," which added to his honor of 1st team All-State. Tony was later named All-American by "Scholastic" magazine. Coach McHugh received due credit when he was awarded "Coach of the Year" in Ohio. At the banquet, Phil Hoag, fullback, was named MVP adding to his 2nd team all-state honor. The Fighting Irish dominated the All-City team, placing 10 men on it. Hoag and Jerry Molnar captained this year's squad.

Irish Rated 12th In State

Central Catholic High School moved to 12th place in the weekly Associated Press high school football poll this week. The Fighting Irish are just 1 poll votes out of the top ten with 46 points.

Central received four first places worth a total of 40 points but received little support elsewhere. Rogers is ranked 19th, Woodward 24th and Perrysburg 26th.

the boy said with is eyes, "I don't want out. I've waited four for this."

Msgr. Harrington, when ed if there was anything special" about this year's eam commented:

"I think it might be the maturity of most of the seniors. They're a manly group. It is something I tell the seniors at the start of the year, that they are four-year men now and they have to act more mature."

"Every one of our players came through," was McHugh's statement. "There wasn't one who didn't," and he proceeded to run down his entire roster.

The Irish mentor, an All-City fullback for Central in 1949, also gave full credit to his varsity coaching staff: Jim Cordiak, Don Lewis, Joe Westenkirchner.

"Our students back the team, too," McHugh said. "We have the best attendance in town. We must average about 1,500 student tickets a game and for the DeVilbiss game, we may have sold over 2,000."

Brains Behind the Brawn

Mr. LaSpina, Mr. Westenkirchner, Mr. McHugh, Mr. Lewis, Mr. Cordiak view games for mistakes.

Mr. Paul LaSpina

A graduate of Miami University, Mr. LaSpina joined the Central athletic department this year. As physical education instructor, Mr. LaSpina's job is to help develop Central's youth into better citizens. He also assists in football, basketball, and is head track coach. Mr. LaSpina has already proven to be an asset to the athletic program.

Mr. Joseph Westenkirchner

A valuable member to Central's coaching team, Mr. Westenkirchner also joined the sports ranks this year. He attended Waite High School and was a member of the All-Ohio first team in 1943. He continued his football career at Notre Dame and San Francisco University where he made the All-West Team two years straight. Mr. Westenkirchner is the assistant line coach at Central.

Mr. Thomas McHugh

A former graduate of Central and football star of Notre Dame University, Mr. McHugh came to Central as football coach in 1954. During his time here, through his great skill and leadership, Central's teams have progressed steadily. This year after he led the 1962-63 squad to an undisputed state championship position, the Associated Press named Mr. McHugh the Ohio High School "Coach of the Year."

Mr. Donald Lewis

Under the direction of Mr. Lewis, Central was said to have one of the finest backfields ever produced in Ohio football competition. Mr. Lewis graduated from Woodward in 1951, then later entered Toledo University. There he played basketball for one year and baseball for three years.

Mr. James Cordiak

Through the hard work and drive of Mr. Cordiak, Central's line became the best coordinated defensive group of boys to hit the gridiron this season. Mr. Cordiak attended high school in Cleveland and continued his education at Bowling Green University. Football and basketball were always a dominant factor in his life and his experience has greatly helped the teams.

Irish Ride Roughshod— Post 21-2 Record

Central's victorious roundballers, rated 7th in Ohio in the final Associated Press poll, showed the mark of true Irishmen as they captured the title of City Champs for the second consecutive year. The Celts completed their cage schedule with 16 victories against a single defeat.

In the Ohio High School Tournament the Irish proved successful as they advanced to the regional bracket and captured the district and sectional crowns.

Central's future also looks good in the world of basketball. Many underclassmen helped to make this year a great success. They have contributed many links to the great chain that is presently reigning as "City Champs" for the second straight year.

Zam and Sturek.

Central's cross country team opened up the 1962-63 athletic season by winning the City Championship. The "Fighting Irish" distance team, under Coach Robert Nichols, went through the season unbeaten in dual meet competition. Senior runners Ken Sturek and Jerry Zam, pictured at the left, led the squad through its vigorous practices and strenuous training schedule and were consistantly Central's best in the two-mile run. Sturek was defeated only once in dual meets. The harriers finished second in the District tournament and 18th in the state meet.

Irish Look Like Good Bets To Cop City Title

Every year as the spring rains fall, the trees take shape, and the grass turns green, Central fields a pretty fair baseball team. Pretty fair usually means city championship caliber for Central has reigned as City League Champs four out of the last five years. This season's squad is no exception. Six lettermen return to make a very experienced outfit for 1963. Although balance is imminent, much will depend on the right arm of two-year letterman John Mullen.

Mr. James Cordiak in his third year as baseball coach would like to make it 3-for-3 in city titles. And with a break in the weather, he will accomplish his desire for he has already shown his fine leadership and baseball knowledge.

As the Centripetal goes to press, the Fighting Irish are perched alone on top of the City League standings with a mark of 5-0; their overall record stands unblemished in seven games. The season has already been highlighted by outstanding performances by J. Mullen with a masterful one-hitter over Scott and a great two-hitter over Woodward. Seniors John Ginter, Tom Pawlecki, and Marty Holmes have teamed with junior Dan Schick to lead the hitting attack.

Irish ace John Mullen

Wrestlers Stay In Championship Form

Grapplers Capture Third Straight City Championship

Central again proved to the city that it has one of the best wrestling programs in the area by capturing its third consecutive City Championship, and by winning the District Tournament.

The Irish, under Coach Piloseno, worked hard throughout the season at their strenuous practices which included hundreds of calisthenics. They were rewarded by dropping only one match while remaining undefeated in City League competition for the second straight year. Mr. Piloseno's men scored a record 114 points in their complete domination of the District Tournament at Waite High. Central sent five representatives to the state tournament in Columbus. They were Rick Wagner, Dan Piloseno, Jr., Mike McGrath, Russ Schaffer, and Dave Reinbolt. Reinbolt finished third in his 145 pound class. At the banquet, Wagner and Reinbolt were honored as Most Valuable Players.

Linksters Prepare For Great Season

Row 1: B. Matuszak, R. Matuszewski, D. Zavac, J. Sobczak.
Row 2: K. Siwa, J. Daney, V. Krajewski, D. Nowak.
Row 3: T. Morgenstern, Father Conrad, R. Sobczak.

Once again Central has come up with another fine golf team. The squad, under the fine direction of Coach Father Conrad, is holding up the tradition, as Central has had many great golf teams in the past. Father Conrad is a good coach who sets forth a fine example to his boys as he shoots in the low 80's. The Irish linksters will be fighting hard this season to wrap up a great sports program.

Senior Conf. 115: 1963 Intramural Champions

Row 1: P. Bailey, D. Jasinski, B. Smith, J. Reeves, J. Thielen.
Row 2: H. Puhl, R. Linker, R. Johnson.

Led by varsity stars Dennis Jasinski and Billy Joe Smith, Conference Room 115 captured the Boy's Intramural championship. The seniors, under Sister Marie Celine, climaxed their quest for the title by ripping the sophomore boys of Room 222, 49-41. Jasinski was high scorer of the tournament in pouring through 15.2 points per game. Smith showed his All-City ability as he grabbed over 60 rebounds in the five games. This year's tournament was one of the most successful in years and was directed by Mr. Cordiak.

Chessmen Battle To Area Title

The Chessmen, under the direction of Father Jude Rochford O.F.M. Conv., highlighted an undefeated season by outthinking Ottawa Hills for the Greater Toledo Area Chess Championship.

The team, well known for its power and scoring balance, was considered by all as the "scourge" of the league. The team composed of four seniors and two underclassmen was long on experience which was gained by constant practice throughout the summer, and early fall. The "Men" showed in competition that they possessed the intangible qualities of all true champions; desire and devotion.

G. A. L.

Central's Feminine Athletic Organization

Officers: Row 2—K. Wojda, C. Slomkowski, M. Girardi.
Officers: Row 1—J. Hosley, P. Dever, K. Smolinski.

Established at Central in 1930, the Girls' Athletic League has completed its thirty-third year as an athletic organization. Activities of the year were under the supervision of Miss Betty McGrath, Miss Frances Krompak, and the leadership of the officers.

To promote and develop leadership, sportsmanship, athletic ability, and to present an extensive physical and health program to its members are the purposes of this organization. The G.A.L. lists bowling, horseback-riding, roasts, picnics, and splash parties on its activity roster. Membership is open to all girls at Central.

At the completion of the school year an athletic banquet is sponsored by the G.A.L. At this event, letters, chevrons, pins, bracelets, and trophies are awarded to members who have earned sufficient points. The girl designated Most Deserving is awarded the All-Around Trophy.

Miss McGrath and Miss Krompak, besides directing the G.A.L. are instructors for all girls' gym classes. Basketball, volleyball, shuffleboard and hit-pin baseball are included in the physical education classes.

Organizations

Student Council

The Student Council, the official voice of the student body, consists of three branches of government, the legislative, the executive, and the judicial. The legislative includes the student senate and class councils, the executive—the commissioners, and the judicial—the student court.

The four Student Council officers are aided in the fulfillment of their duties by the commissioners, class officers, the senators of each class, and conference room representatives.

Some of the activities sponsored by the Student Council, under the direction of Sister Louann, S.N.D. and Mr. Dever, are the Polio Drive, Car-O-Sell, the Talent Assembly, the Food and Toy Drive, and Santa's Post office.

Central was selected to work on the Give-Away Committee for the Ohio Association of Student Council's annual convention which was held at Whitmer High School during April.

The Centripetal

The sixth period Journalism class became the center of activity for those students planning the yearbook. The color and design of the cover and the theme and dedication of this year's book were just a few of the decisions this group had to make.

New ideas for the sections took shape after the students had been divided into their various groups, and write-ups for the classes, sports and organizations were written. Then the typists, copy readers and proof readers went to work typing and editing copy for the printer.

1. Organization editors, J. Joyce, J. Weber, M. Key, D. Cialkoszewski, T. Andrejewski.
2. Sports editors; business and ad managers, J. Ingham, J. Wodarski, R. Rutkowski, T. Suchala, E. Henzler, D. Dowling.

1963

As copy turned into type, and type, plus cuts, became pages for the yearbook, the editorial staff was kept busy proof reading the galleys as they arrived from the printer.

In the meantime the business staff planned the subscription drive for the student body, checked paid and unpaid ads, and set up the patron, senior register and ad sections of the book.

Finally a date was set for distribution so that the entire school could enjoy the yearbook of this **Wonderful Year 1963.**

Co-editor

Co-editor

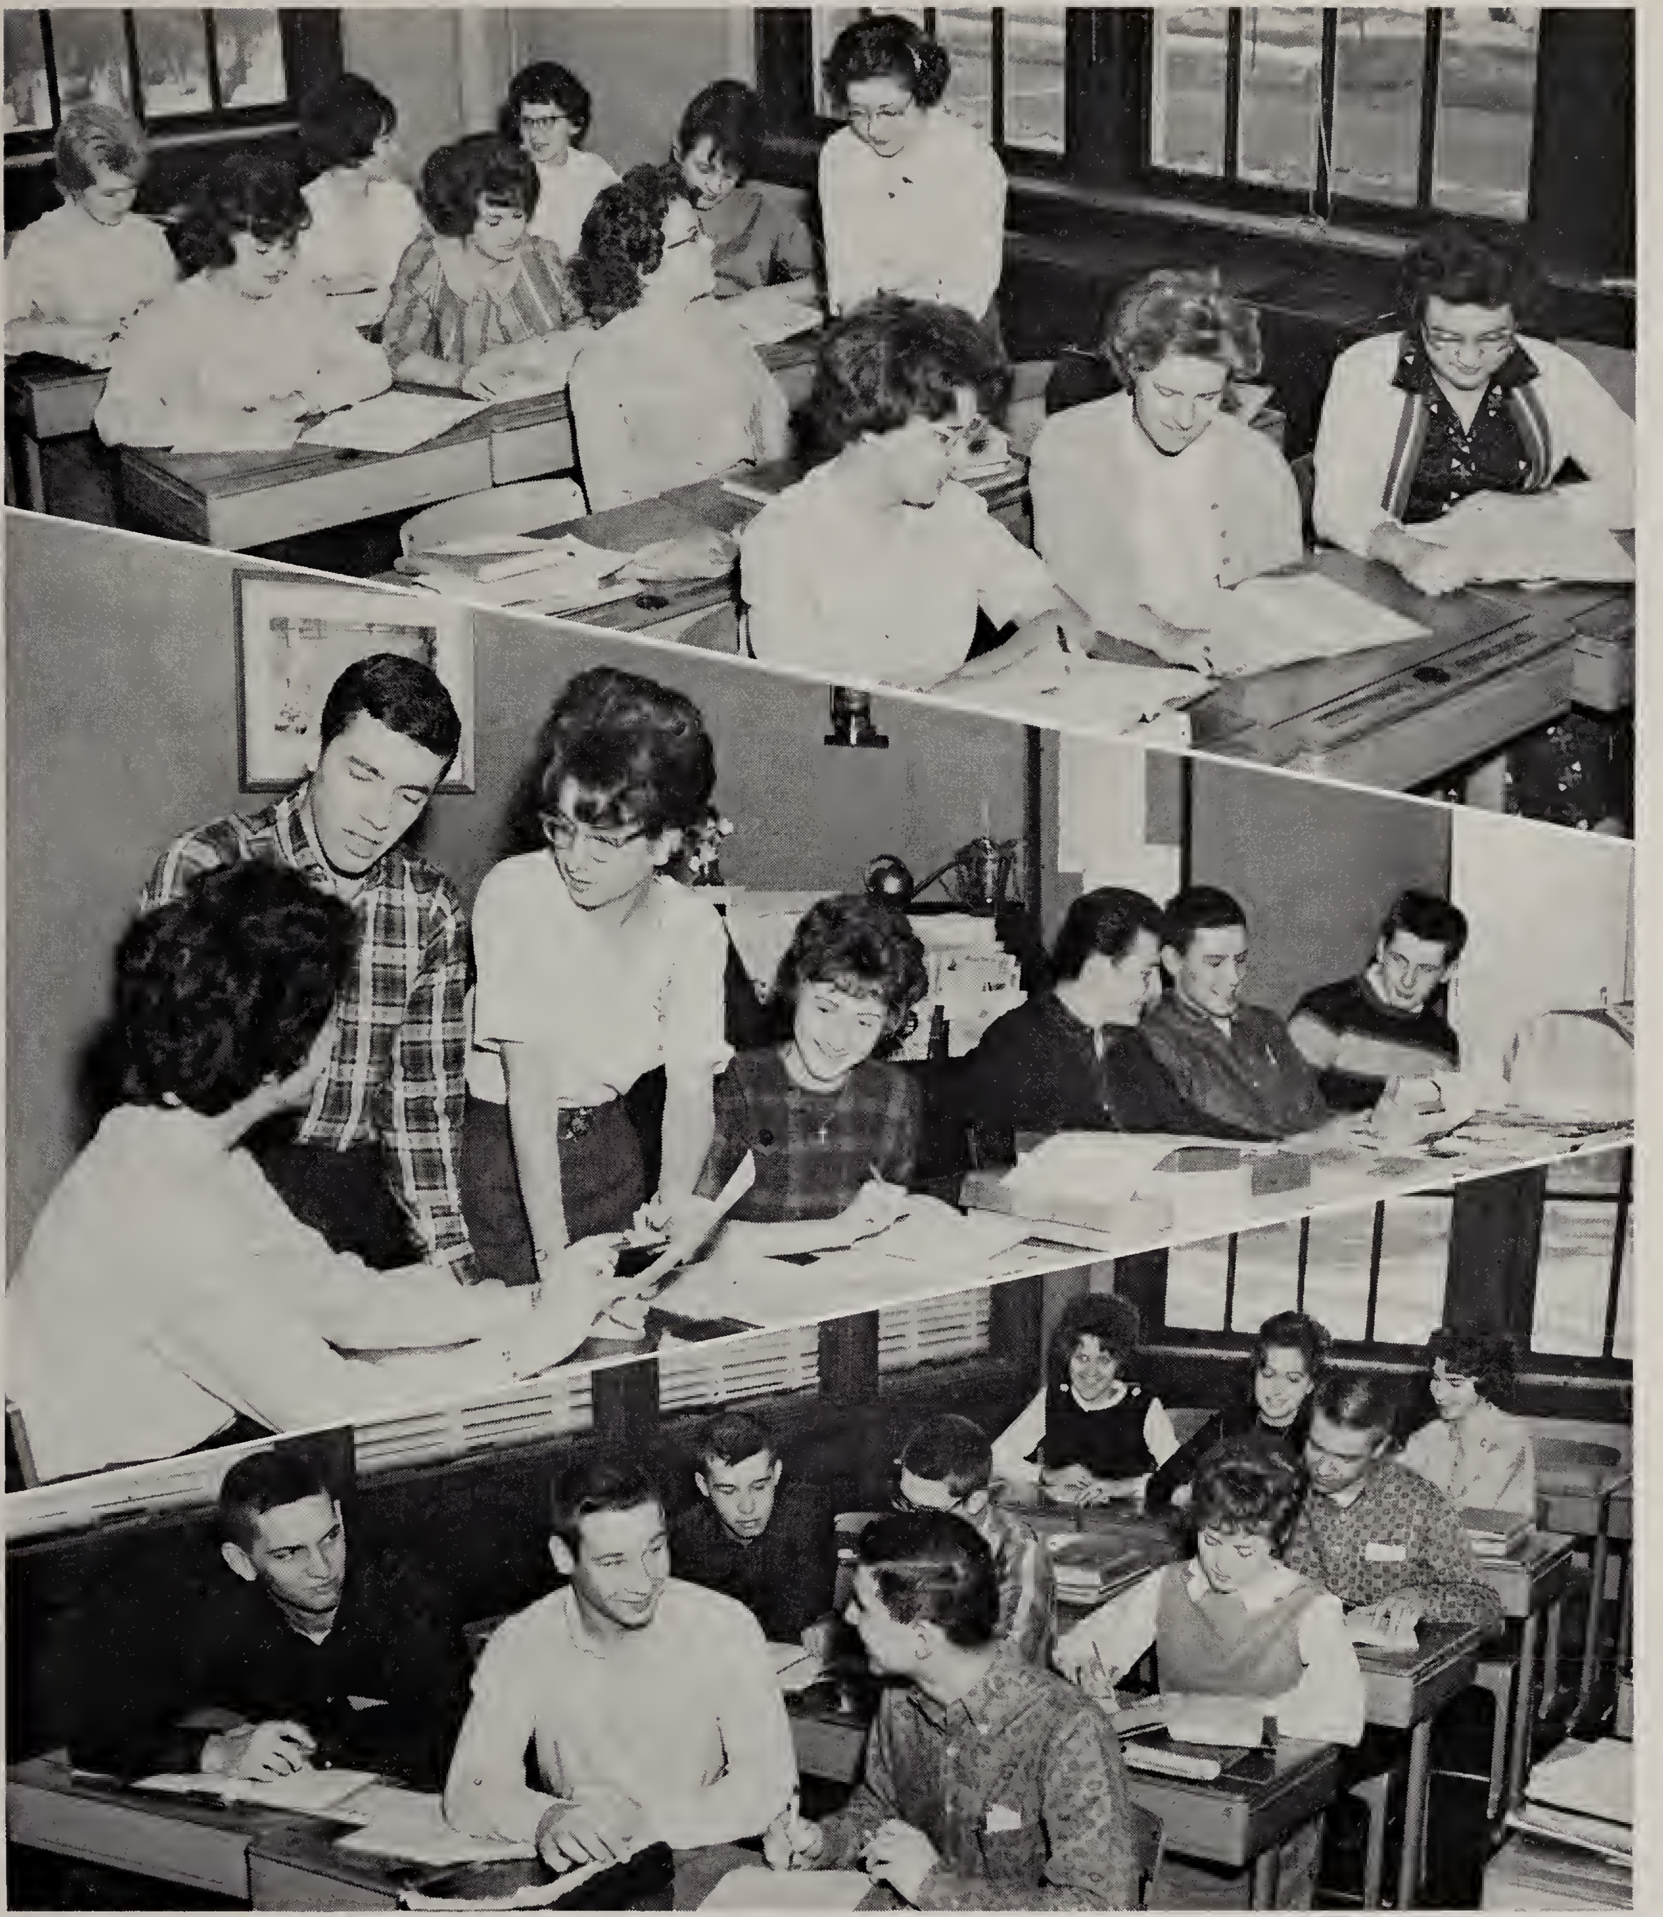
Susan Michalak

News! News! News! This is the word most used by the students of the second and third period journalism classes, who publish the bi-weekly newspaper called the Centric. News from every corner of the school can be found in each issue.

The classes are divided into first, second,

Second period proof reading galleys for their issue.



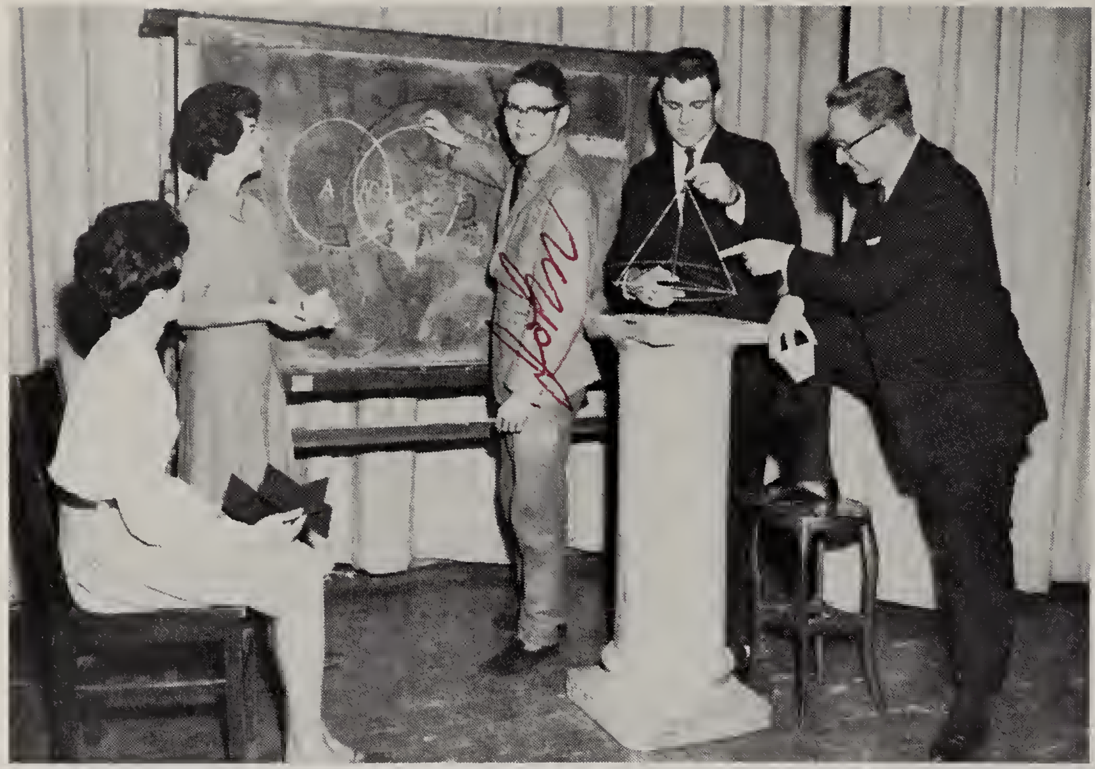
Third period journalism trying to impress the cameraman with their studious preparation of their issue of the Centric.

third and fourth page editors, staff writers, business staffs, proof readers and typists.

The students are taught the fundamentals of journalism and they study the professional ethics of a journalist. The classes alternate in editing the fourteen issues of the paper.

At the Senior Breakfast gold and silver monograms are given to those who have done outstanding work.

Every year the junior class is given a chance to become editors of the Centric by publishing the Easter edition.



B. Glowski, S. Bond, J. Lewandowski, D. Skrzyniecki, P. Orosz.

Math Club

The Math Club consists of junior and senior math students. Every two weeks, under the guidance of Sister Mary Teresita, O. S. F., the club meets to study those phases of math which are not covered in the classroom. At meetings, members rotate, each taking over the meeting for that week. This provides variety and keeps all active. Besides the interesting meetings, the members also have outside activities. Club members take part in various math contests sponsored throughout the year.

YCS

At Central, the aim of the YCS is to serve, in the persons of one's fellow students, the needs of Christ. YCS members, at the cost of personal effort and sacrifice, endeavor to promote whatever will effect a happier and successful student life.

Under the direction of Father Thomas Redding, this organization sponsored the annual 'Retreat Pamphlet Library Service' and participated in the national and regional study weeks sponsored by the YCS.

Camera Club

Knowledge of the camera is the basic function or principle of the Camera Club. Under the direction of Sister Mary Lucilla, R. S. M., the members learn the latest ideas in developing and processing. Much work is done in this class for entrance in the photographic contests.

Besides these activities, the club conducts an annual field trip which gives all the shutterbugs a chance to test their skill as photographers as well as processors.

RESISTOR
TRANSFORMER
CAPACITOR
INDUCTOR

W. Kerscher, R. Homier, D. Kolodziesczyk, D. Brack.

Radio Club

The Central Catholic Ham Club, now in its eleventh year of existence, is helping members to secure amateur licenses by providing courses in code and theory. Members also learn how to build their own equipment. Its 20 members, through station W8QVJ, located in the basement of the Music Building, have contacted "hams" in distant parts of the country. The club is under the direction of Sr. M. Teresita, O.S.F.

Neptune Divers

The Neptune Divers Club is the only high school skin-diving club in the area. The club participates in aquatic activities and has for its aim the mutual enjoyment of skin-diving, the promotion of public education and interest in skin-diving, and interest in aquatic safety and conservation of aquatic resources.

R. Zeman, D. Skrzyniecki, C. Trabbic, D. Agosti.

St. John Berchmans Society

Under the guidance of Sister Mary Louis, S.N.D., the members have an opportunity to serve daily Mass in the school chapel, lead the stations during Lent, participate in the annual retreat, the May Convocation, and the Senior Day of Recollection.

This organization, founded in 1936, has as its primary aim, the fostering of religious vocations among its members.

Seated: A. Weber, J. Gilbert.
Standing: M. Bellas, M. Holmes, G. Ferguson.

J. Stevens, J. LeGros, F. Testa, J. Wakelin, S. Eckhart.

Eucharistic Marian

The Eucharistic Marian committee aims to unite the students of all the conference rooms in giving honor to the Sacred Heart of Jesus and His Blessed Mother. Students are privileged to assist at a public Holy Hour in the Chapel every First Friday of the month.

Special devotions to Our Blessed Mother are encouraged for Marian feasts and during the months of May and October. The crowning of Mary during the month of May is the special privilege of two Eucharistic Marian members, and gives all the students an opportunity to honor Mary publicly.

C. S. M. C.

Under the guidance of Sister Mary Charlotte, SND, the Catholic Student Mission Crusade meets monthly to promote mission activities. By the annual sale of Christmas cards and wrappings, money is raised for the missions. The organization also sponsors the Bishop's Relief Fund and the collection of Catholic literature for the mission field.

Many students at Central also participate in the National Mission Convention held every year in August at Notre Dame University, South Bend, Indiana.

Girls' C. A. A.

Career opportunities available to an art student and accurate information concerning these opportunities are important matters to the members of the Catholic Art Apostolate. Under the direction of Sister Mary Joanne, S.N.D., the members strive to apply their knowledge of art to glorify God in their future lives.

In February, Mr. William F. Whitsett, director of the Cooper School of Art, Cleveland, spoke on art careers and demonstrated oil painting.

Boys' C. A. A.

The members of the boys' Catholic Art Apostolate, since its beginning at Central in 1950, have had as their purpose the raising of the standards of art appreciation and the revival of true Christian art. The boys' section alternates monthly with the girls' in changing the C.A.A. bulletin board in the main corridor.

Meetings are held monthly, under the direction of Sister Mary Lucilla, R.S.M., to help the boys' art students achieve their goal.

A. A. G.

These girls of the A. A. G. are block printing the faculty Christmas cards for next year, one of their annual projects. The club consists of girls of the second, third, and fourth year art classes, under the direction of Sister Mary Joanne, S.N.D.

Some of the other activities the girls have undertaken this year are posters for the C.A.A. bulletin board in the main lobby, a mosaic monogram for the Notre Dame convent at Birckhead, and the painting of the display case outside room 205.

L. Domanowski, V. Partridge, K. Daly.

St. Hilda Guild

Members of the St. Hilda Guild, under the direction of Sister Mary Joanne, which is composed of the four girls' art classes, are responsible for the daily care of Christ the King Chapel. Extra duties include the preparation of the chapel for the devotions on the First Fridays of each month and care of the altar in the gym during the retreat. At Christmas time each year the dues of the club are used to obtain useful gifts for the chapel, such as the new altar cards purchased this year.

M. Romstadt, G. Lopinski, V. Partridge, L. Domanowski.

M. Refermat, J. Michalak, P. Horgan, S. Komasinski.

Future Nurses of America

To acquaint themselves with the various careers offered in nursing and the duties demanded of nurses, the Future Nurses of America, under the direction of Sister Mary Ambrose, R.S.M., participated in such activities as a tour of Saint Charles Hospital and lectures given by various district nurses. Throughout the year they also attend movies which portray life in the nursing fields.

Future Teachers of America

Research into the various fields of special education, such as teaching the blind and the deaf, was the project for current members of the F.T.A. Their schedule included visits from guest speakers. Miss Susan Cassady, teacher for mentally retarded at Larc Lane and Miss Ruth Maier, traveling teacher in the special education department, explained their special work to the club. In addition, excellent movies were provided to give a better understanding of the various aspects of the special types of education.

C. Chechak, C. Walker, M. Dixon, A. Poznanski.

V. Howell, J. Lengel, P. Bauerschmidt, P. Bady.

F. S. W. A.

The Future Social Workers, established in 1960—is under the direction of Sister Mary Ambrose, R.S.M. Its membership is confined to juniors and seniors.

The activities for this year included a tour of St. Anthony's Villa, The Catholic Charities, and St. Vincent's School of Nursing.

Interesting professional Social Workers have spoken to the group at several meetings during the school year, thus acquainting members with the career they might intend to pursue after graduation.

G. Placucci, D. Skrzyniecki, W. Kerscher, C. Barut, J. Konopka.

Chemistry Club

Open to all students of the chemistry classes, under the direction of Sister Mary Florian, O.S.F., this club meets once a month and discusses the phases of chemistry not studied in the classroom. Demonstrations are provided by the students, along with reports of what has been accomplished. During the year field trips were taken to chemical places of interest. Members also participated in the Toledo and Bowling Green Science Days.

Biology Club

A deeper understanding of the functions of science, found in daily living, is the main objective of the Biology Club. At meetings, the members have a chance to discuss constructions of plant and animal life, topics not normally discussed in class.

As in previous years, this year's members, also participated in the annual Science Fair at the University of Toledo. Those students with better projects, then proceeded for state competition at Bowling Green.

S. Kozak, D. Lardinais, J. Minor, M. Ignasiak.

Standing: K. Seidl, M. Hulett, P. Baranek, S. Case. Seated: J. Fleitz.

Library Club

Arranging attractive displays, checking magazines, and replacing books, are just a few of the tasks performed by members of the Library Club. Working in the library during their study periods, the girls promote good reading throughout the school. Through their eye-catching displays, they make it easier for the student to find interesting and informative reading material.

Spanish Club

A study of typical native costumes, songs, dances, and fiestas enliven the Spanish Club under the direction of Sister Marie de Lourdes, O.S.U. Oral reports on Latin American countries, their art and literature, provide a valuable cultural background for the Spanish students.

The principal activity of the club is the publication of a Spanish newspaper called "La Carla Espanola." This paper has been published on special occasions for three years.

French Club

Seen here, are some members of the French Club, viewing a copy of a French painting. Their interest in French culture was aided this year by the appearance of the Versailles Exhibit at the Art Museum.

Besides reports, talks and slides, another attraction this year, through the help of the club's moderator, Sister Mary Caroleen, S.N.D., was the acquisition of French pen pals for many of the members. These pen pals carry the study of France outside the classroom, literally into a French home.

Latin Club

Central's Latin Club is organized as a special Chapter of the Junior Classical League, a National Organization whose purpose is to study the civilization of Greece and Rome in order to understand and appraise the world of today, which is indebted to ancient civilization in its government, laws, literature, language and arts.

The members attend area meetings held at other high schools in and about Toledo. They also attend the State Convention in Columbus. Locally they sponsor a slave auction and celebrate the Saturnalia, "semi-Roman" fashion.

'Mrs. McThing'

Presented

by the Senior Class

November 23, 24, 25

Shantyland Pool Hall and Lunchroom, was the scene of this year's Senior Play, presented on November 23, 24, and 25, in Central's auditorium. "Mrs. McThing," written by Mary Chase, was directed by Mrs. R. Weiher and produced under the student co-chairmanship of Thea Schumacher and Daniel O'Shea.

Story

It's a late summer afternoon at Larue Towers, where Mrs. Howard V. Larue III (Mary Sue Pocs) is entertaining her old school-mates Evva (Barbara Toczynski), Maude (Patricia Lozny), and Grace Lewis (Sue Beaber). She is abruptly interrupted by a phone call from her son Howay (Charles Zurawski), who says that the boy living at Larue Towers is not he but a stick. This immediately throws the household staff, Carrie (Sharon Hudick), Sybil (Linda Domanowski), and Nelson (Paul Orosz) into utter confusion.

Later in the day, Mrs. Larue has her run-in with Chef (Laird Goulding) and Virgil (Bernard Traver), characters at the pool hall where her son is supposed to be living. She finds out that her real son has joined Poison Eddie's (Dennis Agosti) gang, and is now a member along with Dirty Joe (Dario Insenga) and Stinker (Tom Andrzejewski). She then meets Mrs. Schellenbach (Marilyn Mizen) who comes in to check on her son Poison Eddie.

Mrs. McThing (Carol Reiter) then turns Mrs. Larue into a stick. Mimi (Mary Venia) comes up with a plan to eliminate the sticks. When the plan works, Mimi is left by her mother, the beautiful Mrs. McThing (Lynn Seibenick), to play with Howay.

1. "It's a farm train."
2. "Edward Arthur Schellenbach!"
3. "Oh mother, don't leave me!"
4. "Now don't panic!"
5. All right! Stick 'em up, you guys!"
6. "There was a spot of egg yolk on her collar!"
7. "Ah, shut up!"

Music Department

Central's Music Department, under the direction of Mr. J. V. DePrisco and Mr. Donald Noble and Sister Mary John, gives students an opportunity to develop their talents. It also provides them with many varied musical activities such as the Marching Band, Orchestra, Glee Club and Girls' Chorus, and full credit courses such as Music Appreciation and Harmony.

Mr. Gerald V. DePrisco, music director.

Band Members Display Awards

String Bass: J. Spurrier, J. Oleksiak.

Orchestra

Students belonging to the orchestra are given, through this organization, the opportunity to develop their musical ability and thereby entertain others with their various programs. This organization has combined its talents entertaining at various assemblies throughout the year and at the annual Senior Play, "Mrs. McThing." Besides playing at "Parents' Night", their orchestrations for "Guys and Dolls" helped to make this year's operetta a big success.

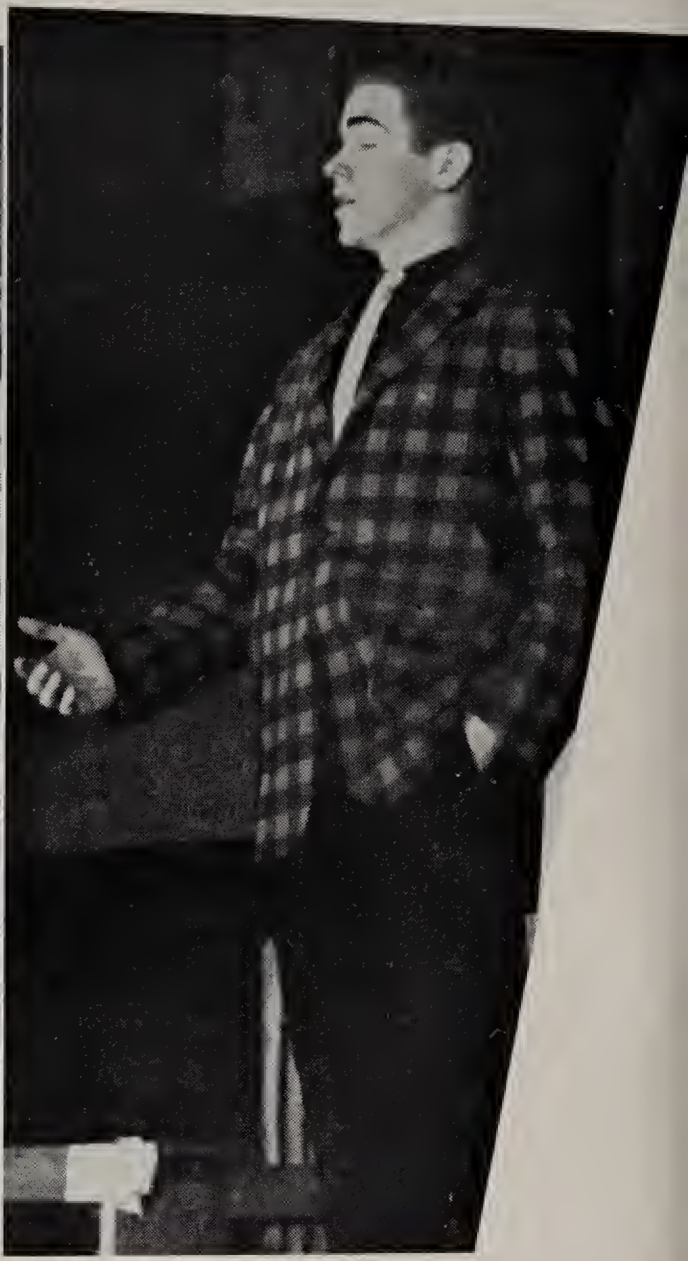
'Guys & Dolls'—1963 Musical

"But I promise you, it's true."

"I'll know."



"Luck be a Lady with me."

Once again, the stage of the State Theater was the setting for Central's annual musical production. This year, the combined efforts of the Glee Club and the Music Department, under the direction of Mrs. E. Weiher and Mr. G. DePrisco, produced the highly successful, "Guys and Dolls", April 25-28.

The story, set near Times Square, New York City, revolves around the efforts of Nathan Detroit in carrying on his floating crap game. There is no available place for the game, and so Nathan and his fellow-gamblers (Nicely-Nicely Johnson and Benny Southstreet) connive to raise the $1,000 needed to rent a garage. They are having difficulties finding a place for the game because Officer Brannigan has been waging a strong battle against their gambling. Meanwhile, more complications set in as Nathan's fiancee, Miss Adelaide, a singer at the Hot Spot, is getting restless from their fourteen year engagement and wants him to quit gambling, settle down, and marry her. Nathan moves into action by making a $1,000 wager with Sky Masterson, a noted gambler who is passing through town. Sky is talked into a bet that he can't take any doll Nathan chooses, to San Juan. Nathan feels sure of victory when he chooses Miss Sarah Brown, the leader of the Save-A-Soul Mission near Broadway—an unlikely character for a date to San Juan.

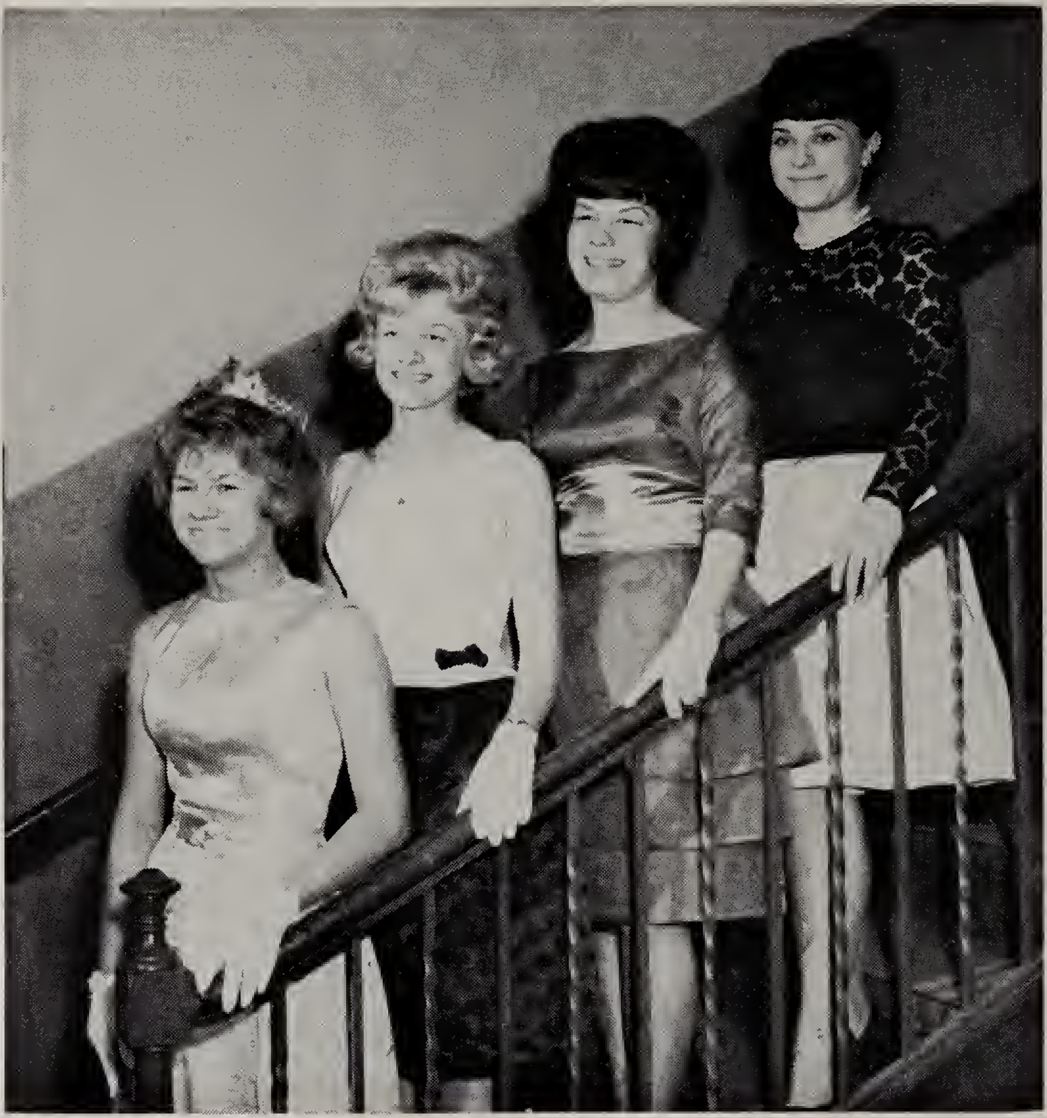
A happy ending prevails for all—the dice keep rolling, Sky is "rescued" by Sarah, and wedding bells ring for Nathan and Adelaide—and thus the curtain closes.

Row 1: 1."Where's the crap game?" 2. "I just acquired 5,000 potatoes." 3. "I tried the regular places."
4. "Solid Gold Watches, $1."

Row 2: 1. Samba in San Juan. 2. "She thinks we're married already." 3. "Bacardi!"

Row 3: 1. "Follow the fold." 2. "Where did you want to eat, Howard Johnson's?"
3. "My heart is heavy with sin."

Queens
All



Homecoming Queen and Court—A. Poznanski, E. Babarcsik, J. McDonald, J. Topoleski, M. Venia (absent when picture was taken).

S. C. Candidate—
Emma Babarcsik

With the "Alumni and Friends of Central" looking on, Central's 1963 Homecoming Queen, Angeline Poznanski, escorted by Clarence Fackleman, was crowned by last year's Queen Angela Halker, during the halftime celebration at the Central-Libbey game. Angie's four attendants and their escorts were: Judy Topoleski and Joseph McCarty, Emma Babarcsik and Richard Hayward, Mary Venia and David Screptock, and Joan McDonald and Ronald Rutkowski.

Emma Babarcsik was chosen by the senior class to represent Central at the Toledo Area Student Council Dance, "Enchanted is the Night," held on February 2, at the Naval Armory. From all the local high schools represented, Emma was chosen to be a member of the queen's court.

The other senior girls who were on the ballot when the class voted were: Linda Domanowski, Elaine Moroski, Mary Sue Pocs, Susan Schiffer, and Frances Testa.

S. Schiffer, J. Ingham, P. Pastorek, J. Heil.

February 22 **'Creole Carnival'** **Junior-Senior Prom**

This year the juniors brought the theme of the Mardi Gras to the annual Junior-Senior prom, "Creole Carnival," held on February 22 at the Naval Armory. The work of the chairmen, Paul Pastorek and Janet Heil and their co-workers, combined with Johnny Knorr's orchestra, provided an enjoyable and unforgetable evening. The main highlight of the prom was the crowning of the queen and her court. This year the Queen was Janice Wiesolek and the members of her court were: Carol Bick, Gerelene Rollins, Marcine Helmier, and Sandra Komasinski.

F. Testa and J. LeGros display the devotion felt by all Central students.

May Convocation

Each year Central students show their deep devotion for our Lady through the annual May Convocation. This ceremony, sponsored by the Eucharistic-Marian Committee, gives students their opportunity to publicly express their devotion to Mary, patroness of Central. Beginning with a procession of the students from the school to the front campus, the coronation program includes the recitation of the rosary, Marian hymns and a sermon. A special highlight of the program is the Glee Club's presentation of the "Ave Maria." Like other queens, our Lady also has a court, the living rosary, formed by the St. John Berchmans Society and the Eucharistic-Marian Committee.

This year, because of their outstanding work in the Eucharistic-Marian Club, Frances Testa and James LeGros were given the honor of placing the crown of flowers on the statue of Mary.

Thus the students of Central climax their devotion to Mary, which is of great importance to them, during May, our Lady's month.

A. Valencic and W. Sherk donn caps and gowns in anticipation of graduation, June 9.

Graduation

Although a Centralite spends only one hundred and forty-four weeks at Central Catholic High School, these are possibly the most important weeks of his life. Herein his education lies, the key to his future.

As graduation day bears down upon the Class of 1963, regrets are heard on its arrival, because installed in the graduate is an education that cannot be topped anywhere, traits of character that will, most probably, be with him the rest of his life, social events that have matured him, and sporting contests that have thrilled him. As each student takes the long walk down the Sports Arena aisle, June 9, history will be made for him. It will also be made for the school, for this is the first year that graduation will take place on a Sunday and in the afternoon. However, all indications show that more history should be made by the Class of 1963 because of the ability displayed.

Do You Recall...?

LOF GLASS

THE QUALITY MARK TO LOOK FOR

LIBBEY·OWENS·FORD

a Great Name in Glass

TOLEDO 2, OHIO

What a wonderful Open World

Have you noticed schools like this on your travels? Probably, because new buildings are springing up everywhere. They are beautiful and functional structures with large glass areas to create an "open-world" atmosphere to eliminate the feeling of being boxed in.

Wherever you live, work, shop or travel, you'll find L·O·F Glass making it more enjoyable. In homes, motels, schools and stores. In offices and factories. In hospitals and churches. In cars, buses, trains and planes.

There's an L·O·F Glass that insulates windows. It's called *Thermopane®* insulating glass. Another subdues sun heat and glare. L·O·F Glass that makes automobiles safer. L·O·F Glass to do a thousand things.

And when anyone needs glass, there's an authority on it nearby—your local independent L·O·F Glass Distributor or Dealer. His name is in the telephone book Yellow Pages under "Glass". Call him.

Laboratories, shops and studyrooms are separated from twin classroom buildings by a broad, central court, Ithaca Senior High School, Ithaca, N.Y. Architects: Perkins & Will, White Plains, N.Y.

it still stands...
Libbey's
famous
"Safedge"
Guarantee
...first made in 1924

In 1924 Libbey—a division of Owens-Illinois—perfected a unique fire process for safeguarding the rims of fine glassware.

They called this glassware "Safedge"—and to prove the process was as good as claimed, they backed it with the most dramatic guarantee in glass history:

"If any 'Safedge' glass becomes chipped on the rim, from any cause whatsoever, it will be replaced free of cost." This offer, of course, still stands.

Today, Libbey "Everyday Crystal" with the famous "Safedge" guarantee graces even the finest tables, yet sells at low prices.
